*It's June 2005 and Pearl is leaving her job at a fish factory in Hull to spend more time with her husband. Her workmates, Jan, Shelley and Linda, insist on a 'leaving do' and what better way to celebrate than a day at the races, especially as the glitz and glamour of Ladies Day has relocated from Ascot to York.*

*So it's off with the fish factory whites and on with the glam as the ladies head to the races in a once in a lifetime adventure to mix with the rich and famous. Along the way they experience the emotional highs and lows of winning and losing as the champagne flows, secrets are confessed and their horses keep on winning...*
